S. Peter's Day 1906. (16)
You will probably see in all
these cards together how soon
I went to town this morning & I
am up early. Enclosed are
two more slips and they I think
make the last of books you have
from me. I am however glad
to avoid Tristan. I sent you
it but I don't believe it to be
it if I may believe. I have
two more of Etchingham
and they are very bright. I wish
that I had a "John. Sherman"
it is the clearest of them
book you must read it. I sent
for you one of bowls for the
card I don't think a pretty picture
card? The one of Clarendon has
happy memories and it is pretty
too I think. I like you to
model building? I have been
thinking you had about us
since I have been waiting for
the mail this morning. I believe
on the front page of the air writing
week for ever.  "O.H.E.T.T.E." THE ADDRESS TO BE WRITTEN IN THIS SPACE OLD LANDMARKS OF NEW YORK. Keep well etc. etc.
